

## Waste Not.

Make an Impact on Your Bottom Line

Leave Less of One on the Environment

Antos works across industries with a common goal:

**ACHIEVE A NET ZERO CARBON ECONOMY.**

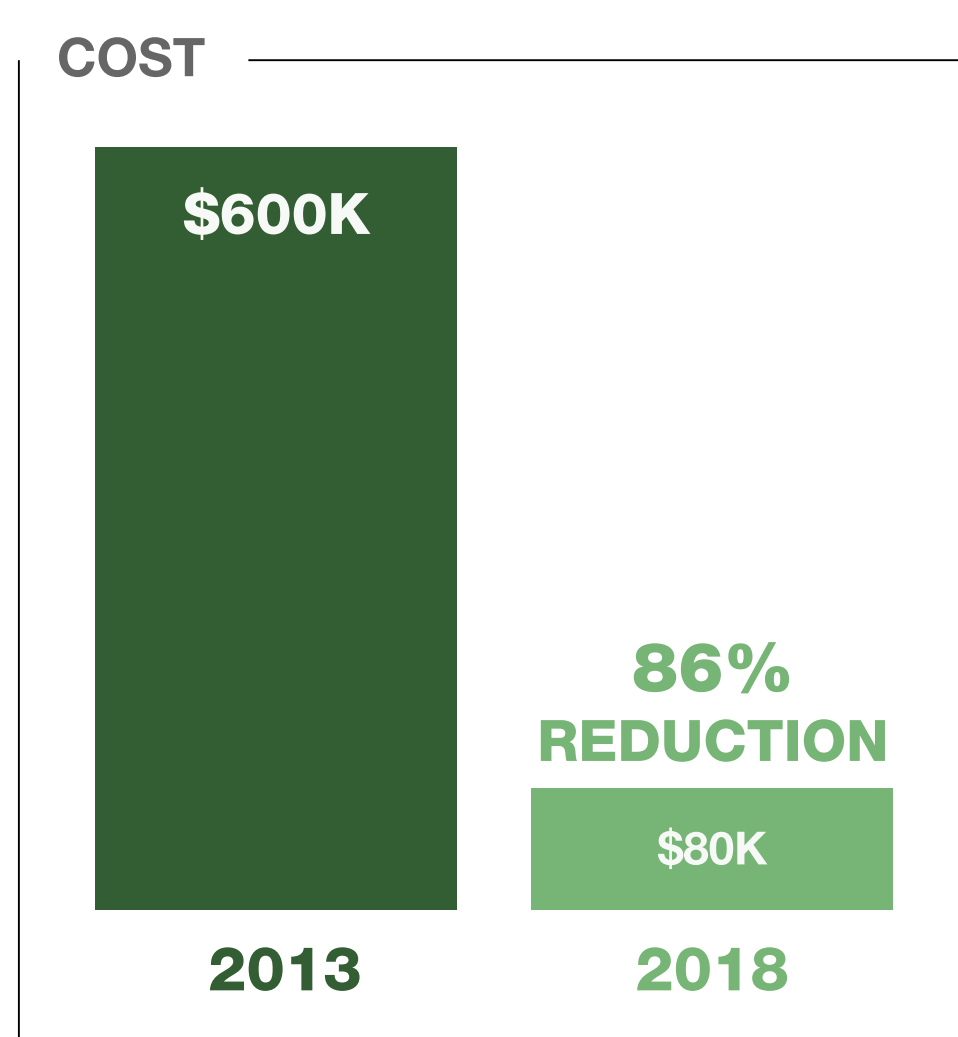

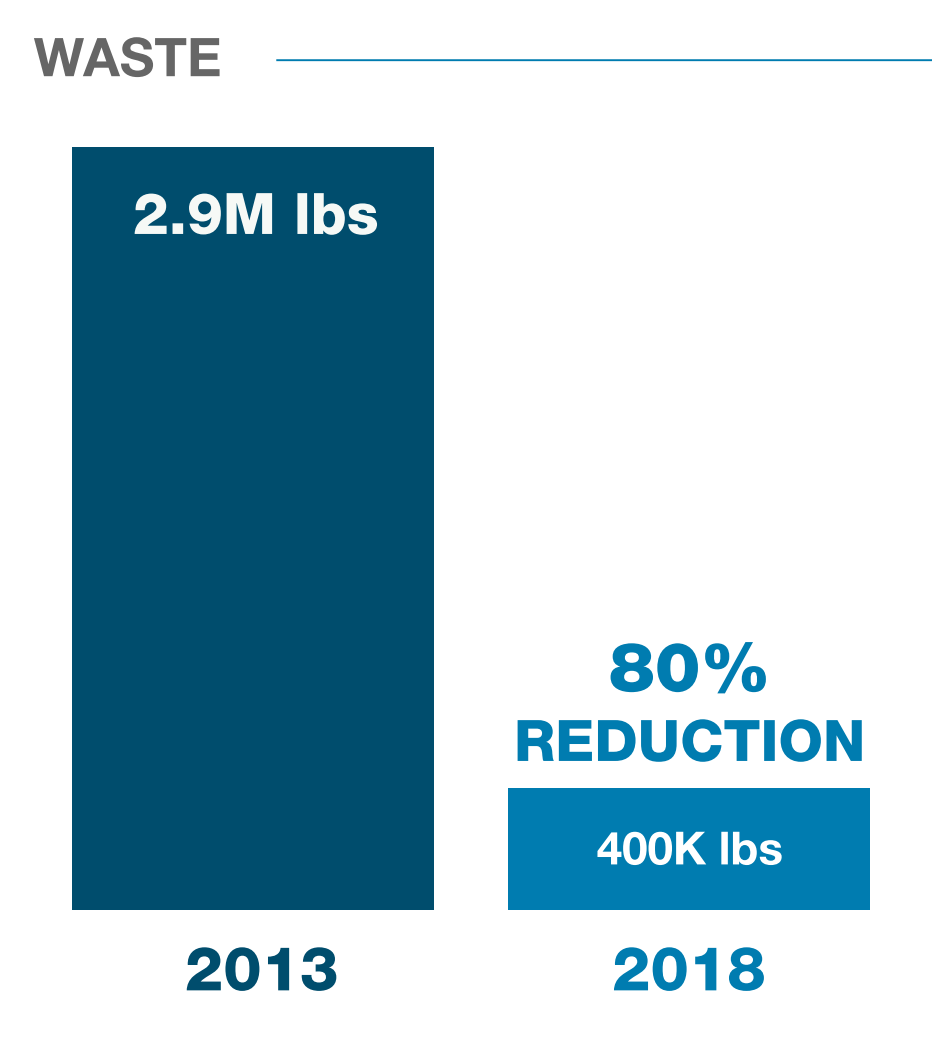

With an extensive background in healthcare sustainability, Antos pioneered the way for what has come to be common practice today in many organizations.

Antos Environmental provides resource management services and consultation that:

**reduces** operational costs and  
**improves** efficiencies at your hospital.

Since 1989, Antos has pioneered sustainable practices and environmental awareness. Antos Environmental's foresight stimulated the many movements established in the healthcare industry today including Health Care Without Harm and Hospitals for a Healthy Environment (H2E), which then became Practice Green Health.
