# SUSTAINABILITY SIMPLIFIED®

Standards | Measurement | Optimization

Helping organizations align ESG vision with strategy, resources, execution, and measurement:

## **ESG STRATEGY & ALIGNMENT**

Helping organizations translate ESG vision into strategy, gain alignment, and drive execution, and impact.

## **SUSTAINABILITY ROAD MAP**

We help you build a sustainability road map to transformation and change in practical, measurable steps and actions.

## **SUPPLY CHAIN: SETTING STANDARDS**

Review of our existing procurement practices and how they apply to your strategy. Set new standards to optimize impact.

## **MENU DESIGN & NEW PRODUCTS**

Structuring now just what you buy and from where, but help you with menu alignment, and search for new products.

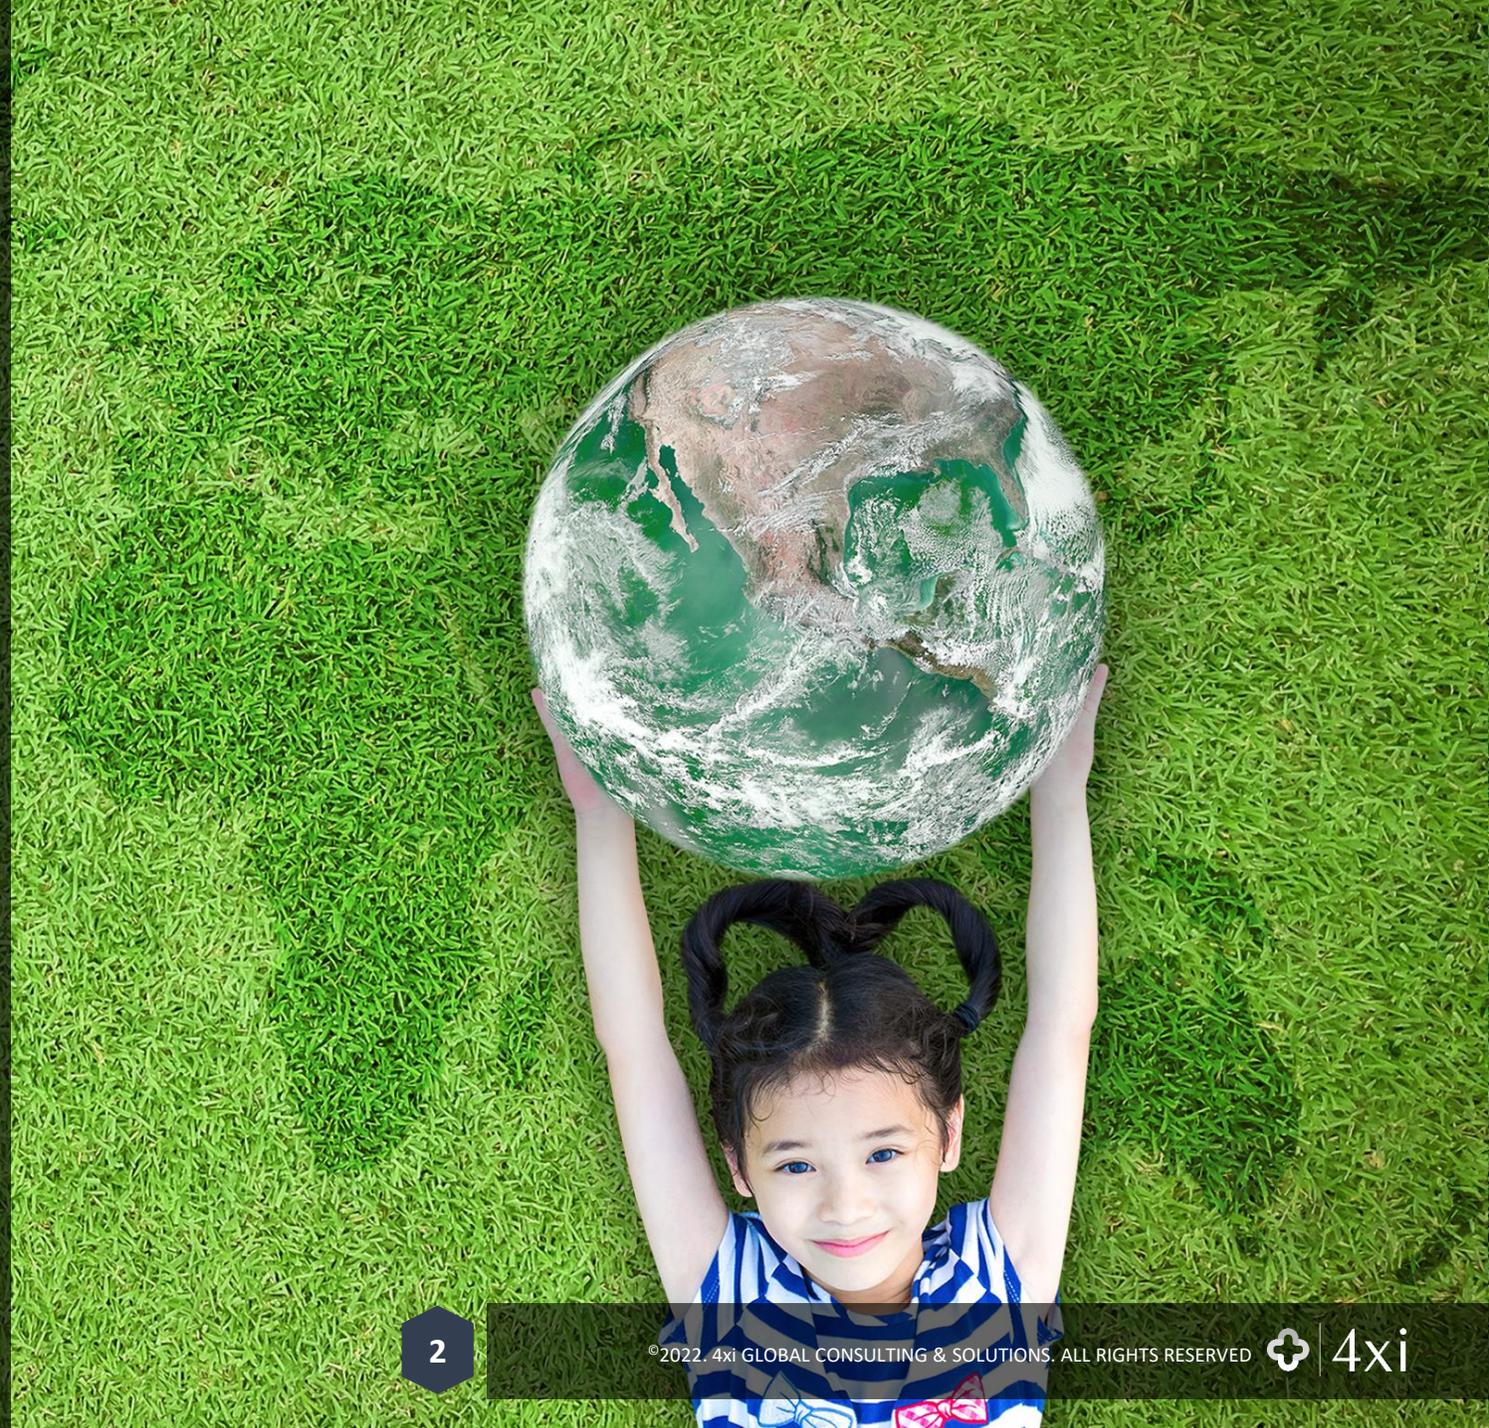

## **OPTIMIZE PERFORMANCE**

Our team has decades of experience in helping organizations optimize ESG performance, and really make a difference.

## **MEASUREMENT & REPORTING**

The clearest way to drive impact is having line of sight to your performance, from which you can make impactful decisions.

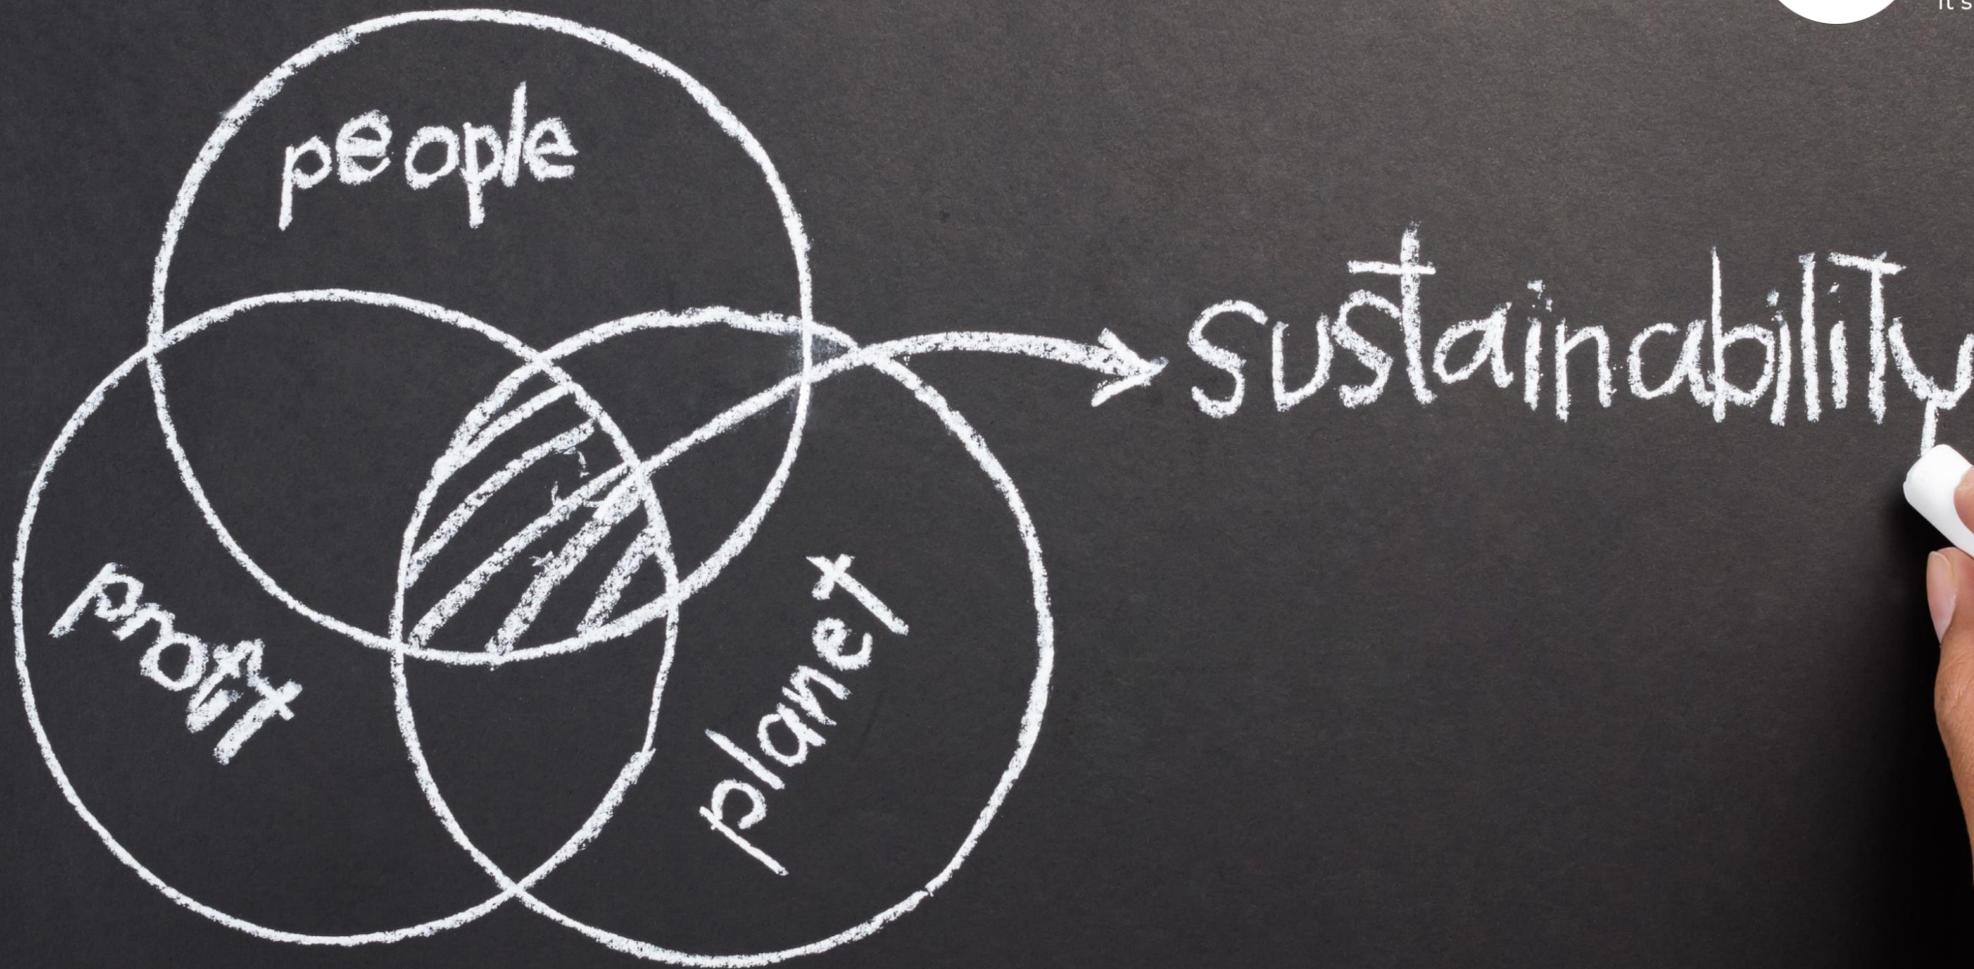

# DOING THE RIGHT THING IS THE RIGHT THING TO DO!

# SUSTAINABILITY SIMPLIFIED

Doing the right thing,  
it's the right thing to do.

# WE CAN HELP YOU & YOUR TEAM

## 1 STRATEGY

What issues are most important to your business, and why? Who are the stakeholders, leadership, senior management and your people that you need vested in the strategy?

## 2 ENGAGEMENT

How will you engage with all stakeholders, educate them, support them, provide the tools needed to truly change behaviors for the long-term?

## 3 IMPACT

How do you go beyond an administrative process, change behaviors and effect change? What are the measures of success and how do you monitor progress?

**PRESERVE NATURAL RESOURCES**

**INCREASE ENERGY EFFICIENCY**

**TRACK AND REDUCE WASTE**

**MENU ENGINEERING & FOOD PROCUREMENT**

**CHANGE HUMAN BEHAVIORS**
