

Executive Biography

Carolina Sommariva Consultant, Business Strategy & Execution LATAM

Carolina joins the 4xi team after almost three years of international travel as a global consultant.

With 20 years of experience working within high-profile large-scale infrastructure and technology projects across the oil and gas, construction, mining, tech and health industries, she adds a wealth of expertise and strategic insight to the 4xi team.

Her impressive career includes leading an internal communications initiative for the US \$2.5 billion City of Dreams Casino Resort in Macau, China—an example of her ability to manage complex and high-profile projects.

She has also acquired significant experience in the transport and oil and gas sectors, with roles in two major Australian tunneling projects- Sydney’s NorthConnex and Brisbane’s Legacy Way as well as the Australia Pacific LNG project located in Queensland Australia.

Carolina’s versatility extends to the healthcare sector, where she led a technical team on the EAMS (Enterprise Asset Management Solution) project for Mater Hospital, one of Australia’s largest healthcare facilities.

Carolina’s strength lies in her ability to communicate effectively, manage stakeholders, and approach projects with strategic precision. Fluent in both Spanish and English, she brings exceptional communication and leadership skills, underpinned by a strong academic background from Canberra, Australia.

Located in Santiago, Chile, Carolina will be instrumental in driving our growth throughout LATAM, enhancing our global team’s capacity to achieve exceptional project outcomes across the world. Her leadership and expertise will undoubtedly create new avenues for 4xi, and we eagerly anticipate the promising opportunities that lie ahead.

Client Engagements:

Carolina's role at 4xi focuses on high-level project management, where her sharp focus on strategic execution and unwavering commitment to delivering quality results shine.

Carolina is available to offer support on a consulting basis for individual projects as well as ongoing expertise with the support and resources of the 4xi Global Consulting team.
