

4xi

Global Consulting & Solutions
Inspiring the future of work, together

Executive Biography

Gary Mackay
Consultant
LATAM

Global Remote Site, Mining & Military

Gary joins 4xi with over 25 years of global experience in food and facilities services. This experience includes Business & Industry, and in on-shore and off-shore Oil & Gas, Remote Sites, Mining and Military in Northern and Eastern Europe, Africa, Asia, and in Latin America.

Gary has worked for many big-name operators including BP, Shell, Exxon Mobil, Newmont, Han Wha, Halliburton, and Schlumberger to name but a few. He has managed and led multi-site, complex operations from full camp management services including hospitality, accommodation management, amenities and services, facilities maintenance, transportation, and retail.

His reputation is that of a highly focused and experienced operator and leader that quickly gets *'under the hood'* to identify operational inefficiencies and opportunities in often complex and challenging environments. Improving channels of communication and reporting, increasing efficiency of operations, reducing waste, increasing margin, and strong people and team leadership skills improving employee retention.

Where clients have diverse and challenging operations, whether a metropolitan or remote site, Gary has the skills and experience to assess the challenges, address them, and fix them to attain service delivery excellence, reduce cost and improve profitability.

Gary is widely considered as one of the most experienced and respected global operators in his field of expertise.

Originally hailing from Scotland, Gary has been deployed on operational duties and lived worldwide including stints in Australia, Germany, Lithuania, Equatorial Guinea, Nigeria, Iraq, Russia, and Indonesia.

For the past 10 years, Gary's home base in Santiago, Chile, but he is available to support clients wherever their operations are globally.

Our strength is the power of our collective.

Client Engagements:

Gary is available to offer support on a consulting basis for individual projects and as an ongoing expertise-on-demand resource. If you need operational support in your food, or facilities operations, improve performance, drive efficiencies, program leadership and management, Gary can help you unlock the full potential of your operations. Gary is based in Chile but can support projects globally, no matter where your operations.
